

Circular 019:17

Date: 25 January 2017

Subject: Uniform Requirements

Attention: Club Captains, Club Administrators, Patrol Captains

Action: Complete by Friday 10th February

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

We understand that there is an extra need for the new style shirts than what was provided at the end of 2016. We will be placing an order to meet these uniform requirements. Please complete the attached by Friday 10th February.

When completing the online form, please fill in what your members actually require. This order is to provide active members with the correct uniform, not to provide clubs with reserve stock. The numbers requested will be checked against what uniform was provided at the end of 2016 and your clubs active patrolling members.

Please do not include members that have qualified this season as we already have their uniform sizes recorded.

[Click here](#) to complete your club's uniform requirements.

Kind regards,

Talia Comp
