Following the Health and Safety Surveys that were sent out to clubs at the end of 2016, we are asking for interest from clubs to be a part of the next step, the pilot programme.

We are closely working with a company called Safety Associates to establish the Health & Safety Pilot Programme and are in need of 3-4 clubs to take up this opportunity.

The pilot programme will look to understand the hazards and risks that clubs face as well as developing toolkits for your club.

Please respond with your interest by Friday the 24th February 2017
