Circular 094:17

Date: 29th June 2017

Subject: Science of Beach Lifeguarding – link to presentation

Attention: All interested members

Action: View the presentation slides and narrative online

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

The presentation by Prof. Mike Tipton was well attended and a great success. For those that couldn't make it here is a link to the slides and narrative.

SLSNZ have formed a new national Research Advisory Group which sits under the National Lifesaving Committee. Once in place, the members of this new group will start to look at the research that has been conducted around the world, including the work by Prof Tipton and the RNLI in order to see what can be immediately transferred to the NZ Lifeguarding environment and what needs more localised study.
