

Circular 095:17

Date: 29th June 2017

Subject: Callout / SAR Squad – Policy and procedure updates

Attention: All Club Lifesaving Officers (Club Captains), Callout / SAR Squad Coordinator / Captains, Club Administrators

Action: Review the SLSNZ documents sent direct to the Club representatives and action where necessary.

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

Important information regarding Callout / SAR Squads has been forwarded from SLSNZ. This information has been emailed directly to all Club Captains, Administrators and nominated Squad Captains / Coordinators.

The documents from SLSNZ contain information regarding policy and operational procedures that need to be adhered to in preparation for and during Callout / SAR operations. These policies stem from health and safety requirements imposed by NZSAR and NZ Police through a national SAR / Callout agreement with SLSNZ.

Moving forward, the Lifesaving Advisory Group (LAG) will be reviewing all of these documents and preparing levels of club training & support around these. A forum will be held in due course to present and discuss this with club lifesaving representatives. Any comments, thoughts or feedback please direct to the Lifesaving Manager.
