Surf Life Saving Northern Region continues to strive to build a transparent culture around safeguarding and child safety. It is the duty of SLSNR and Clubs to ensure that all children placed under the responsibility of the organisation are able to participate in educational, sporting and lifesaving activities in a safe and secure environment.

The Safeguarding Policy has now been finalised and a hard copy has been given to the Club Lifesaving Officers and Junior Surf Coordinators, [click here](#) to view the policy.

For assistance with the Police Vetting process [click here](#). If your club predicts that they will have issues vetting their membership, please let me know as soon as possible.
