The Membership Development Review Working Group is looking to undergo a review of our past and present membership and leadership development programs to assess what works well, what needs improvement and where the gaps are in the programs.

We would like membership to give us feedback on their experiences with SLSNR membership and leadership programs and what programs they would like offered to the membership in the future.

If you could please complete a short survey to help the working group with this process by Friday the 24th of November.
