

Circular 140:17

Date: 2nd November 2017

Subject: Temporary 'seasonal' arrangements for Lifesaving & Training

Attention: All members

Description: Temporary arrangements for Lifesaving and Training this season

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

A recruitment process will begin shortly to replace Chase Cahalane in the role of Lifesaving Manager. In the interim it is important that this role and its output remain fully serviced. Duncan Buchanan will take over the Acting Lifesaving Manager role until the new person is in post.

Duncan has a wealth of experience as a Lifeguard, Lifeguard Supervisor, Duty Officer, Lifesaving Projects Officer and more recently as our new Training Officer.

This transition will mean we have a requirement to cover the Training space for time period, as such we are now advertising for a seasonal Training Supervisor. If anyone is interested in this role, please [apply here](#).
