

New Zealand Pool Records - Club

Updated 15 October 2017

All records below can be contested at any Pool Lifesaving Competition that meets the ILS Pool Facility Standards (Section 9.1, ILSF, 2015 Competition Rulebook). Team events when representing NZ are not counted in these records due to being a combination of clubs members forming the team. NZ Team times are listed on the overall NZ Pool Records list as well as the overall fastest individual pool times for events.
