

Circular 082:18

Date: 20th September 2018

Subject: 2018/19 SLSNZ Key Beach Safety Messages

Attention: Club Administrators, Club Chairs, Club Lifesaving Officers, PR Officers

Description: Key Safety Messages to be delivered this season

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

SLSNZ have produced a set of Key Safety messages for ensuring consistent accurate communication is going out to the public.

The statements [HERE](#) have been developed with reference to the latest research from water safety advocates and research institutes from within New Zealand and around the world.

This will ensure all our members who may be required to comment on our Key Safety messages have been provided with the tools to provide a unified message.

Calvin Hicks

Lifesaving Manager
