**Subject:** Mobile Date Terminal (MDT) Trial Update

**Attention:** All patrolling members

**Action:** Information Only

---

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

---

After a successful season, SLSNR and St John have agreed to extend the trial of the MDT during the winter months. We would like to thank SurfComm and the membership for helping make the MDT a success in saving lives. We welcome any feedback you have on this new opportunity to create more impact to enhance our organisations capability in responding to those in need.
