The **Buddy Lucas Leadership Program** is generously funded by Denis Black, Patron of SLSNZ and Life member of both SLSNZ and SLSNR. It provides prospective leaders the opportunity to develop and expand their knowledge of Surf Life Saving and develop their own personal skills.

Surf Life Saving Australia's National Leadership College (NLC) is an annual leadership and development program recognising young leaders in Surf Life Saving aged between 20 and 30 years. Participants come from a variety of clubs, roles and SLS backgrounds. The NLC provides an exciting opportunity for young people within the movement to further develop their leadership skills and continue to positively contribute to the success of SLS. As well as learning new skills and creating opportunities for personal growth, the College will open up new networks with other likeminded passionate members across Australia, who also are committed to making a difference within the movement. The NLC is designed to challenge participants intellectually, socially, emotionally and physically. The skills gained are designed to be taken back to clubs and into other areas of the participant's daily environment.

Each day includes keynote speakers, elective sessions, activities and challenges relating to the leadership theme of the day. Each participant will be encouraged to access a mentor and have ongoing opportunities for review and further development.

Participants also benefit from exposure to the international movement. Networking with members from clubs internationally is a highlight for participants as they share ideas and create new friendships and networks. Participants have the opportunity to see the big picture for SLS as they gain exposure to national goals and aspirations. Through the sharing of ideas, resources and future directions, NLC provides an opportunity to create an effective national movement.
