

Circular 102:19

Date: Thursday 5th December 2019

Subject: Digital Reporting System update

Attention: All SLS membership

Description: An update on the roll out of the Digital Reporting System

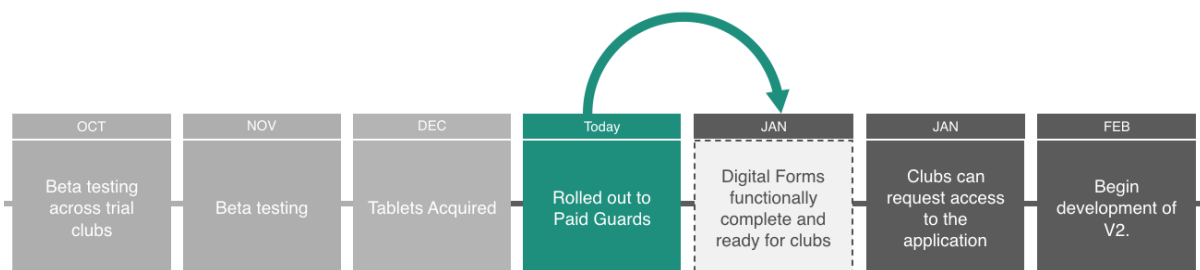

Action: All interested to apply below

Circulars are available at: <http://lifesaving.org.nz/lifesaving/lifesaving-operations-circulars/>

Over the last year Surf Life Saving Northern Region has been developing a digital system with the intention to remove paper forms from patrols.

The last few weeks we have slowly been rolling out this application in a beta testing capacity to a few clubs and the Paid Lifeguard service which has allowed us to conduct a controlled testing environment to ensure the best end product for clubs.

Timeline

As part of the Foundation North Funding allocation each club will be provided with one 2019 android tablet and protective case.

From January 2020 Clubs will have the options to transfer over to the digital system for this we ask that each club nominates a member to champion the digital forms at their club and support the training and deployment of these devices to their club.

Thank you to everyone who has supported the development of this application so far and for everyone's patience throughout this process.
