Competition Safety Plan:

This event will abide by the facility safety measures put in place and will adhere by the rules instructed by the facility management and lifeguard team.

Parent, Guardian, Coach, Team Manager and Club Obligations

It is the responsibility of clubs, through their coaches and manager, to ensure that each individual competitor is competent to safely compete in the conditions that prevail on any given day.

It is therefore the clubs' responsibility to ensure that competitors who are not yet competent to compete in the prevailing conditions are withdrawn from an event rather than expose them to unnecessary risk or potential harm by encouraging or coercing competitors to compete, particularly against their will. Please refer to statement (e) of the Agreement to be bound by the Manual section of the Surf Sports Competition Manual. The Manual can be found here.

It is the expectation of the organisers that all clubs will only permit competent competitors to compete in an event.

This requirement requires the competitor (or parent in competitor is under 18) to complete a waiver to enable participation. We have a need to understand who may be at additional risk during an event so that additional resources can be focused on the competitor while competing and ensure their safety.
